Dr. Thomas P. Satterwhite, famous surgeon, one time president of the American Medical Association is dead in Louisville.

After a patriotic demonstration at Owenton 87 youths promised to go to Frankfort and be examined for enlistment in the army.

Americans in Germany are not being molested, according to A. E. Dunning, secretary of the American Association of Trade and Commerce.

John Barrett, director general of the Pan-American Union, says that within a year he expects to see all the Americans fighting together against Germany.

The body of Col. W. F. Cody was placed in a vault blasted from solid rock on the top of Lookout Mountain, near Denver. More than 10,000 persons attended.

Probably the finest specimen of manhood ever accepted at the Kentucky recruiting station is Harlan G. Bagbey, a blacksmith of Cunningham. He is 6 feet 4 inches in height, weighs 230 pounds and was 31 years old.

In consequence of Russian Royalists riots in Tiflis, in the Transcaucasian Government of Southern Russia, the Grand Duke Nicholas, formerly Commander-in-Chief of the Russian armies, is reported to have been arrested.

Advices received in Copenhagen from Germany tell of growing dissatisfaction among the people at large with the political results of the ruthless submarine campaign and the absence of any indications that it has brought peace nearer.

Authorization for a billion dollar bond issue will be written into the new Tax Bill because the \$1,500,000,000 which the measure is designed to bring in will fail by nearly a billion to provide the money needed in addition to bond issues already authorized to finance the first year of the war.

Gen. M. M. Logan was elected chairman of the new State Tax Commission. The other departmental members are Auditor R. L. Greene, the republican member is James A. Scott, Ben Marshall, former collector of the Ashland district, is secretary of the commission. Three field men were appointed at a salary of \$2,400 per year. They are T. R. Jones, of Murray, Gates Young, of Webster, and W. N. Cook, of Scottsville.

LIFT YOUR CORNS OFF WITH FINGERS
Tells How To Loosen A Tender Corn Or Callus So It Lifts Out Without Pain

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a corn or callus is applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for 50c-11c.

"CICERO OF THE MOUNTAINS"
Fontaine Fox Bobbitt, "the Cicero of the Mountains," as he was known to thousands of people, is an inmate of the Eastern Kentucky State Hospital, having been declared of unsound mind in a lunacy hearing at Stanford Saturday and brought to the hospital Saturday night. Mr. Bobbitt was at one time county attorney and represented that county in the lower house of the General Assembly. He was a man of striking appearance and of powerful voice and as an outdoor speaker was in great demand in campaigns.—Lexington Leader.

Bowel Complaints in India
In a lecture at one of the Des Moines, Iowa churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.

MARRIAGES

T. B. Simmons, of Danville, and Miss Louisiana Ballou, of Burnside, surprised their many friends by marrying in Cincinnati.

Reed S. Nichols, of Danville, and Miss Nellie Selby, of the Millledgeville section of this county, were married at the court-house on the 30th by Judge Bailey.

Mrs. R. M. Newland is in receipt of an announcement of the marriage of her relative, J. P. Simmons, of DeLand, Fla., to Miss Minnie E. Elliott, a charming young woman of that city. The marriage occurred Friday.

At 1 o'clock this afternoon at the home on Lancaster street, Miss Nancy Elizabeth Yeager, one of Stanford's most charming young women, was married to Ben Edward Williams, a prominent business man of Nicholasville. The wedding was a quiet, but elegant affair, of which the Interior Journal will tell in detail Friday.

W. C. White, son of Mr. and Mrs. W. P. White, out on Rural Route No. 4, was married at Corbin Monday to Miss Ruby Parrish, daughter of Mr. and Mrs. Peyton Parrish, of Crab Orchard. The groom is a splendid young farmer with a host of friends, who are congratulating him on winning so fair a bride. She was one of Crab Orchard's most charming young women. The Interior Journal joins their legion of other friends in wishing them all the good things that can come their way.

IN NEIGHBORING COUNTIES
A civil service examination for a postmaster at Valley View, Madison county, will be held June 23.

Mr. Hatchell, of the Dixie section North of Perryville, was killed by lightning. His son, who was near him, was painfully hurt.

Jesse Jenson, of Corbin, has been granted a patent on an automatic train-stopping device, and W. R. Taylor, of Monticello, one on a nut lock.

The Kentucky Court of Appeals affirmed the opinion of the Mercer Circuit Court, which dismissed a suit seeking to have the property of the Shakers at Pleasant Hill escheated to the county schools.

Andy Stringer was shot through the lungs near Vinson Gossett's home in Pulaski by Brutus Loveless. The trouble came up while the two were returning from a flag-raising at Somerset. Stringer will recover.

Ross and Frank Baker, brothers, were shot and killed at their home at Fernlake mines, near Middleboro. Ed Roe was wounded and an attempt was made to kill a sister of the Bakers, who, however, escaped. The slayer escaped and is believed to be in hiding in the Tennessee mountains.

SELLS GARAGE INTEREST
E. J. Steele, of Hustonville, was here Monday en route to Richmond court, accompanied by Messrs. J. I. Allen and B. W. Leigh, of his town. He told the I. J. that he had made another sale, this time disposing of his interest in the garage to Messrs. Burton & Gann, and that he would go to Harrodsburg and take the position of manager of the Fort Harrod Garage, the largest in that city. Only a few weeks ago Mr. Steele sold his electric light plant and last week he disposed of his telephone exchange. It is to be regretted that such a wide-awake, energetic citizen as Mr. Steele has proven to be is to leave Lincoln county. Mercer certainly is the gainer by his departure from amongst us.

FAYETTE HEADS THE LIST
Nat B. Sewell, State Inspector and Examiner, has issued a statement showing the amount paid to State officers, judicial officers and State employees by counties. Fayette heads the list with \$183,239.90 and Jefferson comes next with \$171,745.75. Lincoln county gets \$8,271.70, Boyle \$33,845, Garrard \$5,104, Madison \$28,437, Mercer \$11,155, Rockcastle \$360, Pulaski \$12,250, Laurel \$9,900, Casey \$120. Nine counties have no representative on the State payroll other than judicial officers. They are Clinton, Cumberland, Estill, Leslie, Monroe, Owsley, Powell, Greenup and Jackson. The total of the payroll is \$1,413,730.90.

AMMUNITION, 1863 AND 1917
In six weeks the British alone have fired 200,000 tons of ammunition in France. The official estimate of the ammunition by both the Union and Confederate armies at Gettysburg is 569 tons, including the missiles hurled from Lee's 150 guns on Seminary Ridge across to Meade's center on Cemetery Ridge, the most terrific bombardment of the Civil War. The British, therefore, have used 350 times as much ammunition as was fired at Gettysburg, enough to have kept that great battle going at the same rate for three years.

Archer, Caldwell, Ohio, writes: "I do not believe that our family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit we take it with us." Obtainable everywhere.

WITH THE CHURCHES

Presbyterian Church—Mid week services Wednesday evening at 7:30 o'clock.

Rev. R. R. Noel has returned from a protracted visit to his daughters at Danville.

Transylvania College has purchased the Mulligan property, containing eleven acres, at the head of North Broadway for an athletic field.

The Baptist Mission Board, of Louisville, will establish and build ten new churches in the Eastern Kentucky mountains this year, the work to be started at once.

Eld. Joseph Ballou will celebrate his 50th anniversary as a preacher by giving his legion of friends another opportunity to hear him at the Christian church Sunday morning. A large crowd will hear the splendid old gentleman.

The members of the Christian church extended a unanimous call Sunday to Rev. Howard J. Brazelton, of Mayfield, to become its pastor. It is understood that he will accept, and it is hoped that he can be here next Sunday to hear Eld. Joseph Ballou preach on the 50th anniversary of his entrance into the ministry. Rev. Brazelton has spent the past year at Mayfield, in the place of the pastor of the Christian church, who has been taking a special course in theological work. He is a strong preacher and has already done great good in the Master's vineyard. He was a school-mate of our townsman, Hon. W. H. Shanks, at Transylvania, and that gentleman thinks the church has been exceedingly fortunate in securing him as its pastor. Rev. Brazelton has a family consisting of his wife and son.

The service at the Presbyterian church Sunday morning was one of more than ordinary interest. Mr. Joseph Hopper, the youngest member of the family of Mrs. G. D. Hopper, preached for the first time in his home church. The church was well filled and a good number of people representing other communities being present. Mr. Hopper's sermon was a very appropriate one for the occasion. It was an earnest heart-to-heart talk on the subject of choosing a life work, and was therefore especially helpful to young people. The verses of scripture chosen were from the Book of Proverbs, third chapter and sixth verse. Mr. Hopper made a strong appeal to the young people present to seek divine guidance with regard to a career emphasizing the truth that the Master Whom the Christian serves has a right to direct His follower as to what he shall do as well as to what he shall be. A prominent place in the discourse was given to pressing the claims of the Gospel ministry and urging the young men to give this work a fair chance in considering what their life work should be. The sermon closed with a strong appeal to any who had not gone so far to make a decision for Christ and to acknowledge Him there and then. Mr. Hopper was licensed to preach by the Presbytery of Transylvania at its spring meeting in April. He is a graduate of Centre College and of the Presbyterian Theological Seminary of Kentucky. He is the nephew of his revered and beloved "Uncle Joe" Hopper and gives evidence already of possessing something of the spirit of devotion to the cause of Christ and humanity which marked the life of that man of God. Turning aside from some more attractive opportunities for service Mr. Hopper has decided to begin his work where the need is greatest, and has accepted a call to a field of Christian usefulness in the Kentucky mountains. His work will be in the counties of Breathitt and Lee. He expects to go to his field of labor this week and will be ordained in the near future.

GREAT MASONIC CELEBRATION
On June 23rd, at Crab Orchard, there will be a celebration of the Bicentennial of Organized Masonry in Kentucky. The Grand Lodge by resolution, authorized this celebration and the committees appointed have been busy arranging for a barbecue and will feed 5,000 people that day. Smittie's band will be there. Good speakers, good music, good fellowship, what more is needed to make this the largest affair ever held in Kentucky; Grand ball at night. Everything free to Masons, their families and friends. Every one going and if you stay home that day you will be lonesome. Reduced railroad rates have been secured and everything is now ready for the celebration.

SENATOR FOUND HIS MARE
Some weeks ago a sorrel mare was taken from Senator R. L. Hubble's farm and he has since made considerable search for her. A few days since Postmaster Wood, of Danville, got an anonymous letter mailed at Salvisa, Mercer county, stating that a sorrel mare was seen at such and such a place near there. This clue led to the recovery of Senator Hubble's mare, for he went down last week and proving his property, brought her home.

GREAT CHORUS TO SING
At the flag raising Thursday afternoon a pleasing feature will be the songs by the school children, 100 or more strong, who will be under the management of Miss Esther Burch, than whom there is no better trainer. Several patriotic airs will be sung. The young people are asked to gather at the court-house by 12:45 that day.

Stomach Troubles and Constipation
"I will cheerfully say that Chamberlain's Tablets are the most satisfactory remedy for stomach troubles and constipation that I have sold in thirty-four years drug store service," writes S. H. Murphy, druggist, Wellsburg, N. Y. Obtainable everywhere.

HARDIN HILL IN IT BAD

Hardin Hill, who claimed he was shot in the hand by hold-up men last week, told a far different story when Judge R. L. Davidson and Marshal B. D. Carter put him through a sweat Friday afternoon. He told of a half dozen stories about the wound he carries and was caught in a story each time, so he finally admitted that he was shot while trying to enter Frank Spoonamore's mill for the purpose of helping himself to a lot of flour and meal. Hill, who is a colored brother, was under the impression that Fred Garnett shot him, but that's where he was mistaken. The shot came from a gun that Mr. Spoonamore had arranged to fire when an attempt was made to raise the window. He knew that his mill was being entered during his absence so he set about to ascertain the guilty party and he succeeded. He did in party and he succeeded. He did in good job of it and nobody knows it any better than Hill, who seems destined to spend some time at Frankfort. The negro says that the contents of the gun came near blowing his head off. The shot was so close to his head, he says, that his scalp was blistered. He admits that he was scared to death and that the wound or scare caused him to get so thirsty that when he found a bucket of water he could not quench his thirst by drinking from the dipper, but just jammed his head into the bucket and drank and drank. Hill admitted that he had been robbing the mill since Morris Fred used to run it—some 10 or 12 years ago. The amount of flour and meal stolen will of course, never be known but at present price it would certainly sell for a small fortune. It is claimed, although he would not admit it, that he sold the breadstuffs to various colored people, fearing that his father would tell on him if he took any home. The arrest of Hill will have a salutary effect on the seamy side of village life if a few more get what he received in a few days as soon as one's back is turned. Hill is a son of Jordan Hill, a splendid darkey, who should not be made to bear the odium of his son's disgrace. Hardin Hill could not give bond, so was held over to the grand jury, which will likely not convene before November. His right hand is in bad condition and it may be necessary to take off more than two fingers.

WINS HIGH HONORS
Heath Severance, son of Mr. and Mrs. Albert Severance, of this city, not only did excellent work in his studies at Millersburg Military Institute during the scholastic year just ended, but won the honors over his military colleagues as well. He won the Manual of Arms medal over the 65 boys of his school for having the best knowledge of military tactics. In fact he was the only one of the boys to pass a perfect examination. Cadet Severance was also made adjutant for next year, which is a high compliment, most worthily bestowed. And besides, he got on the roll of honor in his studies. His parents and friends here are naturally very proud of the record he has made and expect of him great things in the future.

BRONZE TABLET FOR SAUFLEY
The event of Boone day, June 7, which is annually celebrated by the Kentucky State Historical Society, will be the unveiling in the Hall of Fame in the Capitol at Frankfort of a bronze tablet to the memory of the late Lieut. Richard Caswell Saufley, of the naval aviation corps killed while flying near the aviation station in Florida. The tablet is presented by the members of his class at Annapolis. Flaws on the Capitol will be at half staff during the meeting. The principal address will be delivered by Dr. W. A. Ganfield, president of Centre College. Lieutenant Saufley was the son of the late Judge M. C. Saufley of Stanford, and the son-in-law of former Chief Justice Ed C. O'Rear.

CLOSE CALL FOR SUTTON
James Sutton had a close call the other day. He attempted to climb over a train at Rowland, when the engine started up with a jerk. He was thrown between the cars, but managed to pull himself out of the way in time to save himself. Two of his fingers were badly mashed in the accident, but he is every thankful that his life was saved.

SELLING STUDEBAKER-SIXES
Messrs. J. W. Acey and E. T. Pence, Jr., have sold in the last day or so a Studebaker-Six to H. C. Baughman and another to George W. Carter. Only a few days previous the gentlemen sold to J. H. Wright a Studebaker-Six runabout. The Studebakers seem to be having their inning just now.

UNCLE HARVEY LOGAN DEAD
Uncle Harvey Logan, a well-known colored man, died at his home last night at an advanced age. He was one of Stanford's best colored citizens and there is much regret at his death. His wife died some years ago, but several children survive.

TO THE PUBLIC
"I have been using Chamberlain's Tablets for indigestion for the past six months, and it affords me pleasure to say I have never used a remedy that did me so much good."—Mrs. C. E. Rile, Hilton, N. Y. Chamberlain's Tablets are obtainable everywhere.

DECLARED INSANE
Ben Thomas, colored, who worked for Mr. H. B. Davis and made him a mighty good hand, was declared of unsound mind the other day and ordered to the asylum at Lexington.

Twelve business houses of Olive Hill, Carter county, burned entailing a loss of \$75,000.

BOBBITT TAKEN TO ASYLUM

Hon. Fontaine Fox Bobbitt, known all over the State as the "Cicero of the Mountains," was tried on a sanity writ before Judge James P. Bailey Saturday and declared of unsound mind. He was taken to the Lexington asylum that afternoon by Frank Brooks and Levi Ball, of Crab Orchard. For some time Mr. Bobbitt had shown signs of mental decay, but of late it had been very apparent. He made his home with Mr. and Mrs. John Payne, of Crab Orchard, and they have had considerable trouble in keeping him there. Only a few days ago he started out walking to Mt. Vernon, saying he was going there to court, where he had important business. He was found far out on the road, nearly exhausted from the walk. Mr. Bobbitt, who is nearly 80 years old, has been a "horse" in his day. Without money, without education and without a political party, he has held the office of county attorney of Lincoln and represented the county in the Legislature for a term. He practiced law here and in the surrounding towns and won some suits that surprised even the big guns. On one occasion he purposely got the contempt of the court in order that he might get to a client, whom he later caused to come acquit. Mr. Bobbitt had the most remarkable of memories and could quote from various authors and from the scriptures by the hour. On one occasion he became so engrossed in the reading of the Bible at the depot here that he missed his train and knew nothing of it for an hour or so later when the writer found him in the depot reading away by his lonesome. His ending is a sad one and there are many who will be saddened by the news that he is now being confined in an institution for the insane.

SOME OIL FOUND
Monroe Thompson, of Waynesburg, who probably has taken more oil leases than any man in the county, tells the I. J. that some oil has been found in the Waynesburg section, but not in paying quantities. He has faith in the field, however, and believes that a "gusher" will yet be found. "The best oil sand I have ever seen has been encountered, and I believe in time we will strike oil that will make our end of the county the oil field of the State," said he. Drilling for oil on the Wheelton place has been going on for some time, but nothing very good has been found. The derrick has been moved 1,000 feet south of where the drilling began, with the hope of finding the fluid in paying quantities.

HANDSOME BOOK COMPLETED
This office has just completed a handsome book for Mr. Jesse Traylor, superintendent of engineers of the L. & N. The work is compiled by Mr. Traylor and J. A. McFerran, and is for the examination of firemen who aspire to be engineers. Hundreds of questions are asked and answered in the book of a little less than a hundred pages and to the uninitiated it is about the most uninteresting reading imaginable. Mr. Traylor is greatly pleased with the work and says he will have another book of the similar nature for the I. J. office soon. This office got the job by competitive bid over Covington, Nashville and Paris printers.

W. B. GOVER DEAD
Mr. W. B. Gover, aged about 70, died in the West End of paralysis Monday afternoon and the burial is taking place this afternoon. He was the father of Mr. B. Gover, a well-known citizen of the county. The Govers moved from Pulaski to Lincoln some years ago and have made excellent citizens. The death of the head of the family is the source of great regret.

ATTEND W. C. T. U. CONVENTION
W. C. T. U. convention at Stanford, Friday, June 8th, beginning at 10 A. M. Let all the organizations in the eighth district, Division B, send a full delegation to the all day and evening sessions of this convention at the Christian church. Don't fail to hear Dr. Carolyn Geissel, of Battle Creek, Mich.—Mrs. J. K. Baughman, District President.

THE REGISTRATION
Up to noon 236 persons between the ages of 21 and 31 had registered in the four polling precincts of Stanford. In No. 1, there were 52; No. 2, 71; No. 3, 63; No. 4, 50. If this ratio is held over the county, the registration will not fall far short of 1,000. Probably 75 per cent. of those registering here so far are white.

C-H. ROOF BEING PAINTED
The court-house roof is receiving a coat of paint and the men who worked on the cupola caused much interest among the people here. They went about the hazardous work with no seeming fear and walked around the clock as if they were on terra firma.

OLD GLORY FLOATS THURSDAY

As old Glory floats over this column, so will it float from a 100-foot flag-pole in the court-house square Thursday afternoon. The big flag bought by the fiscal court some weeks ago has been saved for the notable occasion that the flag raising on next Thursday afternoon will prove. Promptly at 1:30 the First Regiment Band, 25 members strong, admitted by the best brass band in the State, will strike up a patriotic air, which will be the signal for the beginning of the exercises attendant to the unfurling to the breezes of Old Glory in all her magnificence. It will be an interesting occasion and people for miles around will be here for it. Speakers have been secured who will both interest and edify the crowd and nothing will be left undone to make the afternoon one long to be remembered. Col. W. A. Colston, head of the First Regiment, who is soon to leave with his men for the trenches in France, will be one of the speakers. Col. Colston probably knows more about military tactics than any citizen of the State. He is a born soldier. He is also an orator and his effort is being looked forward to. Hon. Edwin P. Morrow, known and loved by everybody in the State and one of the very best speakers in the South, will be here from Somerset and his message will be listened to with deep interest. Judge Charles A. Hardin, a born orator and an interesting and pleasing speaker, will be here and give us his best. Quite a crowd will accompany him from Harrodsburg. Gov. Stanley has been requested to come and it is probable that he will do so, while friends of Hon. John W. Yerkes, of Danville, are anxious to hear his clarion voice on the big occasion. It is going to be a great half holiday here, for many of the merchants and business houses will close a portion of the day in order that the head and listen to the entrancing strains from Kentucky's greatest band. You should by all means be here. Everything will be free and all will be worth hearing. Join the crowd and come to Stanford Thursday afternoon next, June 7th, and be sure you are here in time for the exercises, which will begin promptly at 1:30. Stanford people extend you a cordial invitation and will be disappointed if you do not accept it.

MRS. GEISSEL FRIDAY NIGHT
Mrs. Carolyn Geissel, the best female lecturer on the platform of today, will speak at the Christian church Friday night. She comes to Stanford under the auspices of the W. C. T. U. and brings a message that all will profit by hearing. Dr. Landreth, who spoke at the Chautauque last week, says she is the strongest lecturer in the country and is doing a world of good in her work. The ladies of the W. C. T. U. have gone to a large expense in bringing Mrs. Geissel to Stanford and it is hoped that a great crowd will greet her.

JAMES R. DODDS DEAD
News reached Stanford Monday of the death in Danville of Mr. James R. Dodds, well known here, where he lived a number of years. His death occurred at his home on South Third street Sunday afternoon and the burial was in Bellevue Cemetery there Monday afternoon. Mr. Dodds was 79 years old and was the oldest Mason in Danville. He joined the Stanford lodge of Masons in 1864—53 years ago. He was related to the Dodds and Carsons of this county and had many friends here who sorrow at his death.

MR. MOUNT TO SPEAK
Hon. J. R. Mount writes the Interior Journal to state that he will speak here Monday next, county court day, and that he will have something to say about his opponents in the race for State Senator. Mr. Mount extends a cordial invitation to both Messrs. Kauffman and Harlan to be present and hear him.

LITTLE GIRL LOSES TOE
Lena Frances, the pretty little daughter of Dr. and Mrs. J. Turner, had the misfortune to lose a toe the other day and to have another badly cut. The little girl was playing when a pedestal fell on her foot, doing the damage. The child suffered a great deal, but is now getting along as nicely as could be expected.

FLAG RAISING AT WAYNESBURG
A large flag will be raised at Waynesburg this afternoon, when many of the people of the Southern end of the county will be present. Mr. W. B. Hansford, candidate for county attorney, will be the principal speaker.

LITTLE BOY LOSES FINGER

Don't Let Your Allies Outdo You in Patriotism

In the third year of the war, France staggered under terrible burdens, has subscribed to a new loan four billions of dollars—twice our first installment. Shall we let this gallant nation, who is fighting our battle, shame us by her sacrifices?

Every rank and every occupation in France has eagerly pressed forward to aid the government with its savings. An American in France writes, "I have seen an aged street cleaner rest his broom against the counter of the bank as he clipped coupons from small government bonds bought bought with the savings of his toil, alongside him were tired little seamstresses, women of wealth, hucksters—all doing what they could, by saving, to aid their beloved country."

Judging by reports and by the published sermons of some of the pastors at Lexington, Kentucky University, which should be the model of educational institutions and the pride of all our people, is falling far short of its possibilities. It is charged that some of the professors drink with the students, some are scoffers at religion and that there are others whose conduct is anything but inspiring to those in their charge. These charges and others are being made by a committee appointed by Gov. Stanley, when if untrue it is hoped they will be disproved, but even then the damage done to the institution will continue to be felt. Unfortunately, a suspicion prevails that some of the professors are incompetent and others are more intent on drawing salaries they do not earn than in educating the youths in morality and knowledge of the arts and sciences. The people are taxed pretty heavily to support Kentucky University and better things are expected than that their money should be squandered on incompetent and immoral teachers.

The effort on the part of the bankers of Lincoln county to float the Liberty Loan Bonds is a most commendable one. They are doing it not for profit but through a spirit of patriotism, wanting to do their bit in the war for freedom. It is pleasing to know that good progress is being made in the disposition of the bonds and it is probable that far more than the \$100,000 allotted to Lincoln county will be sold. Any banker in the county will take pleasure in explaining the value of the bonds, how to buy them, etc., and they will let you pay for them on the installment plan if you have not enough cash to take them at one payment. Consult your nearest banker about the Liberty Bonds and if you can't take more than one of \$50, do that much toward helping feed, clothe and otherwise maintain the boys who will soon be fighting in the trenches of France.

Col. W. A. Colston, of the First Kentucky regiment, who will be one of the speakers at the Flag raising here Thursday, is after Rev. George Froh, of Lagrange, for using his place of the program on memorial day at Cave Hill in Louisville, to make a pro-German speech, in which he claimed that the Germans are all right and the Americans all wrong. The colonel has complained to the G. A. R. post officials for including him with such a speaker and it is likely that the preacher may have to answer a court charge for slurring the president and attempting to incite disloyalty. If guilty as appears on the surface it is hoped that his punishment will be such as will effectively stop emulators in his line.

Being a born orator and having large experience in speech-making Gov. Augustus Owens Stanley, is the most sought of any governor the State has ever had. Hardly a day passes that he does not deliver one or more addresses, which of course have to embrace a large number of subjects. He is much at home, however, in addressing a body of learned lawyers, a church gathering, school graduates, patriotic gatherings or colored school teachers. He has done yeoman service for the Liberty Bond Loan and a great deal to create patriotism among the young men. A man of parts is Kentucky's governor and a worker of surprising endurance.

The fearful fire at Atlanta wiped out five churches and not a saloon was damaged, writes a gentleman of that city. It is presumed that he means none of the buildings heretofore used for the sale of booze, as Georgia has been dry State for some time. He also writes that \$70,000 have been raised for the sufferers, but that \$30,000 must follow. The loss is \$5,000,000, with insurance of \$4,000,000. The district looks like the "abomination of desolation," spoken of by the prophets, he adds.

W. P. Harding, governor of the Federal Reserve Board, is not only a first-class financier, but an epigramist of no mean calibre. In these 20 words he advances every argument necessary for war taxes and the purchase of Liberty Bonds. The question is, "Shall we pay taxes or pay tribute; whether we shall buy bonds or have bondage?" Remember if you can't dig trenches, you can dig potatoes and if you can't be a soldier, you can be a bond buyer. Get yours today.

The Kaiser tells the Empress and others that the Anglo-French offensive was a failure, but as they took 52,000 of his men prisoners and killed and wounded many thousands, besides forcing him to retreat time and again, it will doubtless occur to our readers that the man who rules the German people with an iron hand is very much unlike our own George Washington in point of veracity as in other traits.

Berlin, Germany, newspaper men have about as much rights as the average fellow in prison. A dispatch from there says that Chancellor von Bethmann-Hollweg, whoever that is, has decreed a further reduction in the size of newspapers, to the extent of 10 per cent. for the month of June. Promiscuous display of all publications is also prohibited, one copy of each being allotted to regular news stands.

Danville, always a spotless town, was a meatless one for a couple of days last week. Armour's car failing to arrive on time was the cause of the meat famine. The slaughtering of one or two of those magnificent export cattle Monte Fox deals in might have helped the citizens of Little Britain tide over. Strange such a thing never occurred to them.

Col. Roosevelt in his memorial day speech said: "I do not pity the man who puts up his life for his

country; I envy him." The colonel should not take it out in envy. He has the same right and much more reason to offer his life for his country than most of the men who will. The difference between them and the colonel is that they are to make any sacrifice. The colonel must be the biggest man or none.

too so big it was murder to put on my shoe. I used salves and other things that ate off more of the toe than they did the corn. I'd cut and dig with knives and scissors, but now no more fooling for me. Two drops of 'Gets-It' did all the work. It makes the corn shrivel and gets so loose that you can just pick it right off with your fingers. There has been nothing new discovered for corns since 'Gets-It' was born. It's the new way—the common-sense, simple, sure way. 'Gets-It' is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Prohibition legislation was approved by the Senate Finance Committee as a new feature of the War Tax Bill. Prohibitive taxes upon distillation of whiskey and other spirits for beverage purposes, with a ban upon their importation, were agreed upon by a substantial majority of the committee. General suspension of beverage production by distillation and use of liquor now in bonded warehouses probably would be the effect of the new tax section if enacted into law.

The attorneys of the Fayette bar have purchased \$20,250 worth of Liberty bonds.

Gov. Stanley, speaking at Macnuley's Theater, asked Louisville to pledge its every resource in the war and made an especial plea for the purchase of Liberty Loan bonds. "Blood, gold and provisions are the three things that will bring victory," he said.

Thirteen persons were killed and the business section of Colgate, Okla., was virtually destroyed by a tornado that struck the town late Saturday, according to a telephone message from there. Four hundred houses are reported to have been destroyed. Coffeyville, Kas., also was swept and 200 homes were wrecked.

Forty-six merchant vessels, aggregating 240,779 tons, are restored to the world's carrying trade at a time when they are urgently needed by a decree signed Saturday by President Braz, of Brazil, enabling that country to make use of the German vessels now in Brazilian ports. Thirty-three of the German vessels are of more than 4,000 tons each and one is of 12,350 tons. This action was the first step taken by Brazil after revoking her declaration of neutrality in the war.

A war license tax schedule on motor vehicles to raise \$11,000,000 in revenue, to be paid by owners of cars not used exclusively for business purposes, was agreed upon by the Senate Finance Committee. The rates fixed were: Motorcycles, \$2.50; automobiles costing up to \$500, 7-50; costing between \$500 and \$1,000, 10; costing between \$1,000 and \$2,000, 15; costing between \$2,000 and \$3,000, 20; and costing over \$3,000, 25. Exemption of popular price moving picture theaters from the amusement taxes also was agreed upon.

Emperor William writes the German Empress that the fighting in France has reached a "certain conclusion." Since April 1 the British have advanced on a front of twenty miles from Loos to south of Bullecourt to an extreme depth of six miles east of Arras. Field Marshal Haig's men have taken Vimy Ridge, dominating the plains to Douai, and have virtually surrounded Lens and St. Quentin and have held their gains against desperate and repeated German attacks, while inflicting heavy losses. More than 1,000 officers were included in the total of 52,000 prisoners captured. Enormous quantities of material were taken from the Germans, including 446 heavy and field guns, 1,000 machine guns and many trench guns.

LATEST WAR NEWS
In an open letter to the Catholic clergy, Cardinal Gibbons strongly endorsed the Liberty Loan bonds.

Two German submarines made a concerted attack on the American Line steamship Kronland on her last outward voyage, and two torpedoes hit the vessel glancing blows, but did not explode, according to a report received in New York.

Enlistment records of the First Regiment were smashed when 203 recruits were accepted by the First Kentucky Infantry yesterday, bringing the unit's roster of officers and men to 1,726, which is 276 below maximum war strength. The regiment will be recruited to full strength this week, according to Col. Colston.

The British are again on the offensive on the Arras front. An attack launched south of the Souchez River resulted in good progress being made, but Field Marshal Haig's men were unable to hold their gains against violent counter attacks. Five heavy attacks were made by the Germans on the French positions on the Calonne and Vaucelles plateaux.

The Paris War Office announced the complete repulse of all the assaults forced.

A British recruiting office has been opened in New York, and, according to Lieut. Gen. T. M. G. Bridges, member of the British war mission, an effort will be made to enlist all Englishmen of the age that would make them subject to draft had they become naturalized.

War taxation of publishers' advertising receipts rather than increase of their postage rates was vigorously urged by representatives of national publishing interests at a conference with Senators who are redrafting the War Tax Bill.

More than 1,100 citizens of Louisville have enlisted in the Liberty Loan army.

WOULDN'T TAKE \$100 FOR TANLAC

Prominent Scott County Man Makes Strong Statement.

BENEFIT HAS BEEN LASTING

"I've lived in Scott county for forty years and in Georgetown for the last nine and I have a lot of friends here. I tell every one I meet how much Tanlac has helped me, and I feel that I am doing them a favor in advising them to try it if they feel run down."

This statement was made by E. C. Muddiman, a well known stone-mason, 221 Mountain avenue, Georgetown. He continued:

"I have had more or less trouble with my stomach for eighteen years, and until I took Tanlac it seemed I couldn't eat anything without gas forming. I would bloat, and sometimes my stomach would ache. I couldn't sleep more than half the night. I just felt tired all the time. If I would stoop down and raise up quick I'd get dizzy."

"It's been about a year now since I felt that way, and so I know that the help I got from Tanlac since I first started taking it has been lasting. It helped me from the very first bottle. I haven't been troubled with bloating since, I eat so I could go to sleep and wouldn't know anything till morning. Just lately I have been troubled with a little touch of gas, but I don't mind because I know that if I take Tanlac again it will straighten me out."

"It's the positive truth that I wouldn't take \$100 for what Tanlac did for me."

THOMPSON MAKING SALES
Monroe Thompson, the real estate man, was here from Waynesburg Monday. He says things are lively in the real estate business there and that he is making a sale every few days. Last week he sold a 55-acre place to a Pike county man named Reynolds for \$600 and to a Tennessee party a small farm of 82 acres for \$800. "I have made several other sales recently, but rather not make them public for a few weeks," he added.

The remains of Mattie Burton McGahn, who was killed in an elevator accident in St. Paul, Minn., Sunday, May 27th, were laid to rest in the Middleburg cemetery Wednesday afternoon at 3:30. Mrs. McGahn was 21 years old and a bright future was before her. It was a sad affair that she should be taken so suddenly. She was a member of the Middleburg Baptist church and was loved by all who knew her. Mrs. McGahn was a daughter of Alvin I. Burton and had spent most of her life in Lincoln county. She had been married only a year. Besides a husband, Benton McGahn, she leaves two sisters, Miss Virginia Burton and Mrs. Hallie Gregory, of Cincinnati, and a brother, M. S. Burton, of Mt. Salem to mourn her loss. Funeral services were conducted at the grave by Rev. Chick.

MR. REID RESIGNS
Mr. J. H. Reid, who has been connected with Pushin Bros. in the Shoe Department for several months has tendered his resignation to take effect tomorrow (Saturday) evening. We are delighted to state that this does not mean that Mr. Reid will leave this city, he will go to his old home in Hustonville for a brief vacation, will then return and be connected with the Chestnut-Salter Hardware Co. Since coming to Danville Mr. Reid has made friends of all with whom he has come in contact and is now beyond any question one of the most popular salesmen in the city. His relations with Pushin Bros. have been pleasant, he is only receiving an increased salary. Mr. Reid is not only popular in Boyle, but is widely connected in Lincoln and is personally known to almost every resident in his native county, especially in the West End. We regard the Chestnut-Salter Hardware Co. fortunate in securing his services, that he will command a good trade and make good in every way goes without saying.—Danville Messenger.

A GOOD INVESTMENT

Patriotic and Profitable

The Citizens of Lincoln County have a rare opportunity to secure one of the best investments in the history of the world, and at the same time discharge a patriotic duty to their country. They can do this by calling at any of the Banks located in Lincoln County, who will take pleasure in sending in their subscription for U. S. 3½ Loan, designated at Liberty Loan. The Banks will so arrange it that the humblest citizen can aid in financing this Loan. The proceeds of which will be used for the express purpose of buying food and clothing for our unselfish soldiers, many of whom will give their lives in the defense of their country. There is no country on this earth that represents the high ideals of mankind and the brotherhood of the world as does this, and all citizens should seize upon this opportunity to buy these bonds.

In order to discuss and educate the people as to the solvency of these bonds, and necessity of purchasing them, a Mass Meeting will be held at Court-house on Monday, June 11, 1917, (County Court Day), at 11 o'clock a. m., when a number of persons will make talks about these bonds. All are invited.

We also call attention to the fact that there will be a flag raising in Stanford on the afternoon of THURSDAY, JUNE 7th, at half past one o'clock. Col. Colston, Gov. Stanley, Hon. E. P. Morrow, Hon. John W. Yerkes, Judge Charles A. Hardin and others will speak. Attention will be called to the desirability of purchasing these Bonds.
